SUBJECT

Purchase of the Frankel property which is
north of the Skinner Landfill

SUMMARY

- He wanted to know the status of our RI and when a report (data) would be available.

I informed him that a draft RI report was being revised and a final report would be available shortly (within weeks).

- He informed me that he will retain a technical consultant to review the report and to do any add'l work necessary to allow him to "confidently" purchase the property. 2 possibilities are: 1.) EPC of Chicago & 2.) SCS in Cin.

- I inquired as to whether development of the Skinner property was an option. He informed me that initially, there were 3 large parcels (Frankel, Skinner & Binder). The Binder property is being purchased by some other party so the large parcels are pretty well separated. With the increasing fear of purchasing hazardous waste sites, Skinner may not be developed.

ACTION REQUIRED

- I will contact him when I learn more about the status of final RI report.
